

Our Web-based tools help employee volunteer coordinators manage, track, and report on corporate volunteering within a scalable, configurable, enterprise-class solution.

With VolunteerMatch's suite of Web-based **Employee Volunteer Program Tools**, volunteer coordinators have the power and flexibility to manage, track, and report corporate volunteer activities and community impact.

### QuickStart

Increase participation by auto-registering employees or retirees. Provide personal accounts with pre-populated data according to your company's requirements.

### Branding Package

Align VolunteerMatch's Employee Volunteer Tools with your corporate brand.

### Custom Home Pages

Add logos, images, news and customized messaging to your homepage. Highlight volunteer opportunities by cause area, keyword, location or partner nonprofit.

### Custom Opportunity Listings

Customize your opportunity listings with custom questions, easy-to-use HTML editor, spell check, custom greetings, photos, and documents.

### Company-only Opportunities

Promote volunteer opportunities available only to your employees, teams, families, friends, and retirees.

### Opportunity Builder

Engage employees to post their own volunteer opportunities for their colleagues.

### Support

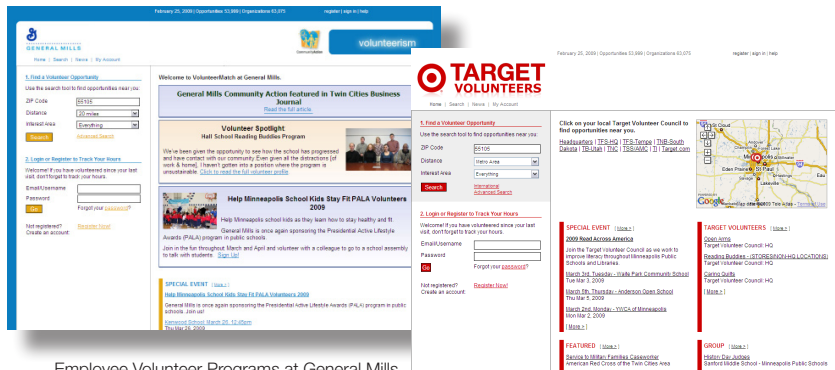

VolunteerMatch supports all of your employees with phone and email support. Additional training and support is available for program administrators.

### REQUEST A DEMO

Please contact us and we will be happy to demonstrate our tools for managing Employee Volunteer Programs.

Employee Volunteer Programs at General Mills and Target powered by VolunteerMatch

Scalable and customizable, these tools are designed to fit your program's needs. Corporations can elect to use these tools independent of our Community Service Network.

## HIGHLIGHTS FROM THE TOOLSET

### Special Event Manager

Support your company-sponsored events and campaigns with multiple dates and times:

- Event sign-up management
- Event Cap and Waitlisting
- Special event landing pages
- Participant communication
- Project leader recruitment and tools
- Waivers and policies
- Outlook calendaring

### Single Sign-on (SSO)

Integrate Employee authentication seamlessly with corporate log-in systems and VolunteerMatch.

### Security Package

Secure your data transmissions with SSL encryption. Password lockout and reinforcement, IP-specific registration, and email domain blocking are also available.

### Hours Tracking

Record and manage employee participation and community impact.

### Group Invitations

Invite and reserve space for co-workers, friends, corporate partners, retirees, and family to join a volunteer opportunity.

### Metrics & Reporting

Measure program impact and support recognition programs, by generating cause and location-based project reports, including employee volunteer hours.

### Search & Match

Search and sign up for volunteer opportunities that meet employee passions, location, schedules, and skills.
